- Profile settings
- Login and registration screens

Sourav Banerjee (25%)

- Location access and permissions
- Map setup
- Storyboard flow and segues

Sean Dudo (25%)

- Timer Screen
- Notification when the timer ends

**Deviations:**

- There were no notable deviations. Everyone was able to complete what we wanted for the alpha implementation. We are just ensuring that we continue to progress towards our goals for the beta release of the application.
